

The Power Of Togetherness

About Fortune 500 KLUB.

Fortune 500 Klub also known as F500K is a financial community of values-driven investors. Established in April 2018, we are growing bigger, faster and smarter. At F500K, we connect people across generational divides, socio-economic strata and geographies. Fortune 500 Klub is incorporated in Uganda as a company limited by guarantee and not having a share capital. Members funds are invested through special purpose business and investment vehicles established and managed by the Club's Business Operations Board. The Fortune 500 Klub Governing Council **(GC)** is the policy and highest decision making body of the club. The Governing Council provides strategic direction and overall oversight over the operations of the Club.

What we seek to achieve.

F500K guarantees Fortune investors a direct pathway to financial security and inspires young people to imagine the impossible. We seek to disrupt existing models in our practices regarding savings, investments and business. F500K is driven by purpose, ambition and a winning mentality. Joining F500K is to harness and experience the power of togetherness.

Our membership and investments tracking system will aggregate all your deposits for the month.

Think about how we can make a change.

A club membership of 15000 with 5000 members in each of the three investment categories will generate **Shs.800,000,000** per month in investment funds. This way each one of us contributes to growing our personal wealth and our nation's economy.
